## GOT A LARGE VOTE OUT TODAY

Is the Message Handed Down  
the Line—This Means  
Republican Victory

Usual Activity that Marked  
Former Elections—Ideal  
Republican Weather

"Grown ups" should know better than to lose their temper, merely because others see things in a different light. There was talk that some chicanery was being attempted last night by certain, indiscreet, narrow-minded, self-styled politicians, but it was found to be without foundation. It was claimed that a wholesale kidnapping of a number of Republican voters, who were attending a dance in Connersville, was attempted last night but this, too, proved to be false, at least if the attempt was made, it was unsuccessful.

The election today had all the appearance of former elections. You would hear people say, "I never saw such a quiet election," but that is what they always say. The weather was ideal, and folks took their time coming and going—that makes a difference in the general appearance of things. That there was the usual activity was evidenced by the fact that all the "wheel horses" and party workers of both "faiths" were at it "teeth and toe nail." But it was an orderly election. And why shouldn't it be?

People who are in a position to know, say it was a clean election all the way through. The battle of ballots is about over and although it was hard to gain any authentic information late this afternoon, it is believed that the Republican ticket was elected by the usual majorities. As to this being the result, there has been little doubt, provided they got the vote out. Some people become so prosperous and satisfied that they finally look upon an election with indifference, and do not fully appreciate its importance.

## FREIGHT CAR CAUGHT ON FIRE

On Big Four Train But Was Ex-  
tinguished Before Fire  
Department Arrived

Shortly after one o'clock an alarm from box 37, corner of Washington and Second streets, brought the fire department out, and they made an excellent run to the west end of this city. It was found that a box car on a Big Four freight train had caught on fire, but the flames had been extinguished before the department arrived. The car was loaded with freight.

## CARTHAGE DOES NOT WANT A SALOON

Three hundred names were signed to a remonstrance against the application Aaron B. Reeves was ready to file with the county commissioners, asking for a saloon license in Carthage. This is a "gentle" hint that the people of Carthage do not want a saloon in their fair city. Mr. Reeves will not present his application.

Mr. and Mrs. Robert McNair, of Orange, entertained at dinner Sunday the following, Mrs. Ada Matney, Mr. and Mrs. E. A. Matney, Mr. and Mrs. William Schunkel, of Rushville, and Miss Rost Hobbs. All report a fine time.

—Charles Yonkers, of Indianapolis, was here today.

## LOCAL BREVITIES

We are having "Injun Summer" now.

George Shankel is working for Lige Matney through corn gathering.

A new telephone has been installed in the residence of P. A. Newhouse, No. 680.

Squire Poe, in his 97th year, was able today to go to the polls unaided and vote.

Mr. and Mrs. Robert McNair, near Orange, are the proud owners of a pair of twin calves.

Miss Theresa Madden, North Main street, is able to be out after an illness of several days.

Mr. and Mrs. Milton Stiers, of East Sixth street, entertained with a family dinner today.

Link Jinks and family, of near New Salem entertained his brother and sister, of Rushville, Sunday.

Mr. and Mrs. John O'Neil have moved from the country into their new home on North Perkins street.

Greensburg News: Mrs. Martha Bell has returned to her home at Rushville, after a two weeks' visit with relatives here.

The result in New York will be known early this evening. The voting machines in use in that State mean a quick count.

Julius Hambrook and family moved from the Behr property on West Second street, to the Vossell property on West Third street, today.

Henry Schenkke, Bodine & Son's shoemaker, continues very ill at his home on West Fifth street. He is suffering from heart trouble.

John Myers, an employee of Case & Joyce's lumber yards, sustained a badly crushed foot Saturday, the result of a log rolling on it. He will be laid up several days.

The Rushville Council, K. of C., will confer the first degree on a class that will be initiated in Greensburg Sunday, November 18th. The council will run a special train to that city.

There was very little betting on the election in this county. In Shelby county even money was posted that the Republicans would carry the county, and bets on Watson at 100 to 1 went begging.

"The roads between Connersville and Indianapolis," says the Connersville Examiner, "are some of the best in the State and will be largely patronized next season by the 'auto' enthusiasts. With the exception of less than five miles of fresh gravel road near Connersville there is no better road for tourists than this one to be found in the State."

A special from Greenfield, Hancock county, says: "Frosts have ripened corn and the crop is being harvested as rapidly as men can be found to do the work. Help was never as scarce as now and the price for labor has reached \$2 a day and board in some localities."

Connersville News: Mr. and Mrs. J. M. Conner and daughter, Miss Harriet, went to Rushville this morning to attend a farewell dinner at the home of Mr. and Mrs. Seneca Conner for their daughter and son-in-law, Mr. and Mrs. Edwin Hewitt, who leave tomorrow for their home at Des Moines, Iowa.

Shelbyville is having an epidemic of suicides. Miss Ethel Tucker, ended her life yesterday by hanging, while in a fit of despondency. Mrs. Ed. Fields hung herself Sunday morning, and a few days ago, a Mrs. Ayres committed suicide by shooting herself.

It is certainly a pleasure to see the young men of this country take an interest and an active part in politics. Nearly all of the students from this city, attending college, returned home to vote. These are the kind of boys that make good citizens.

An election extra of the Daily Republican will be published early tomorrow morning, containing the latest election news. Besides the bulletins by wire it will have the result of the vote in the county. It will be issued at six o'clock tomorrow morning, and will be distributed by the carriers. Look out for it.

## BOYS HAVE A "LOOP THE GAP"

Perilous Ride Down a Narrow  
Plank Way at New Gra-  
ham School Building

Residents of Sixth and Perkins streets were treated to a "Loop the Gap" Sunday by an amateur, but it was done with all the daring of a professional, and was really a dangerous and hazardous feat.

At the Graham school building there is a narrow walk erected which the hod carriers use in carrying brick and mortar to the top of the building.

Small boys are invariably looking for an opportunity to enjoy themselves where there is danger attached, and it was for Carl Kennedy, of East Seventh street, to spy this incline and convert it into a plaything. Running down the plank soon proved too tame a pastime and a bicycle was procured. At first the boys hesitated about riding down, fearing they could not turn in the street when they reached the bottom. After a careful study, a board was laid leading up to the curb on the opposite side of the street, so the rider could keep on a straight line and ride up on the sidewalk. Young Kennedy took the wheel to the top of the incline, while the crowd of boys, which had gathered around in the meantime, were filled with awe and fear.

Kennedy mounted the bicycle, while another boy held it, and down the incline he flew on the narrow path, while the "kids" fairly held their breath. Out of the south opening he shot like a cannon, down on the street, up on the sidewalk, and clear across Will Bliss' yard before he could stop the wheel.

If he wavered as much as three inches either way coming out of the doorway, it would mean almost instant death. But he made the perilous ascent a number of times, and before a half hour, the boys were begging trading pocket knives, promising ice cream sodas and everything to get the wheel to ride down the incline. There surely must be a battalion of guardian angels hovering around boys—when they are boys.

The Bridge Whist club were entertained at the home of Mrs. Will M. Bliss, on North Perkins street, yesterday.

Mrs. Frank Wilson entertained the Five Hundred club yesterday afternoon, at her home on North Morgan street.

Miss Lillian Young entertained the employees of J. B. Winship's dry goods store with a miscellaneous shower, last night, in honor of Miss Blanche Brown, who is soon to be married to Mr. Albert Scott, of Connersville. Miss Brown was the recipient of many handsome and useful presents. Dainty refreshments were served.

Walter West, a butcher, living on East Tenth street, bought a wild duck that was killed on Blue river, near Morristown, last Saturday. When preparing it to cook a large quantity of gold was found in its craw. They cannot account for strange fact, unless there is gold along Blue river. Or the fowl might have picked it up in Morgan or Brown county, for there, they find, after a rain, pieces of gold worth from \$6 to \$8. If we were living in the fable age, we might claim it was a goose instead of a duck, and the "goose that lays the golden eggs."

## WHEELS LOCKED ON C. H. & D. ENGINE

One of the engines on the double-header eastbound train, due here at 5:30 o'clock this morning was laid out in this city today. The back wheels of the tender locked, and the trainmen were obliged to slide the wheels on the rear truck from Morristown. This wore off part of the wheels and the engine is laid up in this city today for repairs. The train was under Conductor Sharkey.

## CHURCH NEWS

—In all the West Virginia churches of the Christian denominations simultaneous revival is in progress, with unusual results, at Wheeling alone the converts numbering 2200.

—The M. B. church supper at Tabernacle hall was well patronized last night. The committee in charge was composed of John Moore, Henry Richardson, Howard Stewart, B. Easley and Rev. John Edwards.

—The lack of candidates for the ministry has led the Presbyterian synod to hold a day of prayer for candidates. Rev. Dr. Cochran, of Philadelphia said that the refusal of young men to enter the ministry was due in a measure to the fact that they could make more money otherwise.

—Addressing the Methodists' Sunday school union at Topeka, Kan., Bishop Vincent said that he was opposed to lengthy, tiresome worship, although he believed in some sort of family prayers. He was particularly opposed to long prayers where young children must become antagonistic to the church.

—The Noble township Sunday school convention will convene in the M. E. church in New Salem, Sunday, Nov. 11th, 1906, at two o'clock p. m. The following is the program: Song, M. E. Choir.

## I. & C. ENGINE JUMPS TRACK

Air Brakes Fail and the Engine  
Runs Away Near  
Connersville

The steam engine used on the I. & C. traction line got beyond control, yesterday morning, coming through the big cut, west of Connersville, and ran down the long slope with terrible speed and jumped the track where the line curves into Western avenue at the old Elwood corner. Two trucks remained on the track, but the others went off. Jackscrews were at once procured to hoist it back in place. The failure of the airbrakes to work caused the trouble.

## HIS ANCHOR DID NOT HOLD

Yet the Suicide Wanted the  
Question Sung at  
His Funeral

A news dispatch from Muncie says: "Though the anchor did not hold in his case, Quincy Penry, a young Rush county (Ind.) farmer, who committed suicide here Thursday afternoon by taking cyanide of potassium, requested that the following be sung at his funeral: Will your anchor hold in the storms of life, When the clouds unfold their wings of strife? When the strong tides lift and the cables strain, Will your anchor drift, or firm remain?"

The old pentecostal hymn was sung as requested. An investigation by the coroner revealed that Penry at one time had been a morphia fiend, and that he had broken himself of the habit, but in doing so, he had also partly destroyed his mind, producing a melancholia that caused him to dwell on religious theories and on thoughts of suicide."

Service, County Asylum  
Superintendent Resigns

Marshall E. Newhouse, the superintendent of the county asylum, will tender his resignation at the meeting of the county commissioners tomorrow. The inmates whom he has always dealt with fairly, and although it is a tedious position calling for the patience of a Job, caring for the old people, Mr. Newhouse was equal to the emergency. They will be sorry to hear of his resignation.

Although he has not definitely settled on his plans for the future the probability is that he will move to this city, where he has property on Seventh and Sexton street.

Joseph Christman, of Rushville township, and Sidney Hunt, of Union township, will be applicants for the position.

## OFFICERS ARMED WITH SHOT GUNS

Waving them Madly in Wild  
Chase Was the Opening  
Scene of the Election

This morning the officers were called to the home of Mrs. Anna Beachard, to drive out and kill a dog that had been creating a great deal of annoyance. Armed with repeating rifles and shot guns, Marshal Price, Officer Pea and Orle Moster went to the scene, located the dog, and a chase on Morgan street followed. The canine was rounded up in the Republican office "plaza place," and several volleys were fired at the dog, with the desired effect, simultaneously.

The "blue coats" armed with weapons, running down the middle of the street, created quite a stir, as very few knew the object of the chase. Traveling men standing in front of the Windsor hotel, thinking it was an election riot, hurried indoors. It is claimed that one fellow, a cheese cloth salesman, never stopped until he reached his room, where he crawled under the bed. This was denied later, and found to be just a "rumor."

**EARLY RETURNS EXPECTED**

**Voting Machines Will Show the Drift  
at an Early Hour.**

Indianapolis, November 6.—The re-  
sult of today's election in Indiana will  
probably be known early tonight, as  
Marion, Vanderburg, Vigo, Montgom-  
ery and a few other counties used vot-  
ing machines. Their vote may be so  
decisive as to show the drift early in  
the evening. Chairman Goodrich has  
instructed all of the county chairmen  
to send in early bulletins giving as  
much information as possible and to  
follow them with the returns as fast  
as they are tabulated. The Republi-  
cans will compare the returns with  
the vote of 1902, the last off-year cam-  
paign, when the Republican ticket  
won by 36,000. No comparisons will  
be made with the landslide of two  
years ago, as the Republicans are not  
expecting a plurality anything like  
92,000, which President Roosevelt re-  
ceived. Arrangements are complete  
for receiving the returns at the Dem-  
ocratic headquarters. The only esti-  
mate given out there is to the result  
was by Chairman Hendren of the  
speakers' bureau, who says that the  
Democratic ticket will have a plural-  
ity of 15,000.

Neither Chairman Goodrich nor  
Chairman O'Brien would make an es-  
timate. Each was confident that his  
side would win. Chairman Good-  
rich is expecting a plurality of at least  
40,000 for the Republican state ticket,  
but in all the time he has been at the  
head of the state organization he has  
not made any predictions in which he  
gave figures. Chairman O'Brien has  
followed the same plan. He said that  
the outlook is very encouraging to  
him, but he would not enter into a fur-  
ther discussion of the situation for  
publication. It is understood that he  
bases his hope somewhat on the re-  
sult of Vice President Fairbanks's tour  
last week. He had his lieutenants  
stationed at every point where the  
vice president spoke, and his reports  
regarding the meetings and the  
amount of enthusiasm are widely dif-  
ferent from those given out by the  
Republican papers. According to the  
reports Chairman O'Brien has, the  
trip was a frost almost from start to  
finish. He figures that if the Republi-  
cans could not get big crowds and  
stir up a lot of enthusiasm with an all-  
star speaking cast headed by the vice  
president, their chances of victory are  
not as bright as they claim. The only  
estimate given out at either of the  
state headquarters was that of Chair-  
man Hendren of the Democratic  
speakers' bureau, who claims the state  
by 15,000 for the Democratic state  
ticket. Hendren, Taggart, Kern and  
others seem confident that the Dem-  
ocrats will make gains that will sur-  
prise the Republicans.

The most sensational feature of the  
close of the local campaign was an  
exceedingly bitter attack on Prosecu-  
tor Benedict by Judge Alford of the  
criminal court. Benedict is a candi-  
date for re-election, and the Democrats  
have been entering their fire on him.  
Robert Bryson, candidate for auditor,  
and Edward J. Robinson, candidate for  
treasurer. It is Benedict, however,  
whom they most expect to defeat.  
Judge Alford is a Republican, but he  
has been at odds with the Bookwalter  
machine for a long time. Judge Al-  
ford declared in a public statement  
that the voters could today put the  
entire machinery in the hands of the  
Bookwalter machine or it could take  
the court from the machine. The ma-  
chine, he declared, will need the  
courts during the next three years of  
its existence. He charged Benedict  
with not doing his duty in many im-  
portant matters.

Members of Hearst's Independence  
League who are in town said that no  
matter how the New York election  
goes today, headquarters of the league  
for the state of Indiana will be opened  
in Indianapolis soon after the election  
and arrangements will be made to  
push the movement in the Hoosier  
state as rapidly as possible. Between  
\$5,000 and \$6,000 will change hands  
here on the result of the election in  
New York. Hearst had very few  
backers today at the betting boards.

**She Didn't Know.**  
"Don't you think," asked Mrs. Old-  
field, "that the new minister was  
somewhat recalcitrant last Sunday?" "I  
don't know what it was at the time,"  
replied her hostess as she toyed with  
a diamond studded fan, "but I do re-  
member that his face looked kind of  
red and his eyes were sort of glassy."  
"Oh, we oughtn't to be too hard on the  
poor man. He might of taken it for the  
flu grippie."—Chicago Record Herald.

**TODAY SETTLES IT**

**Campaign For the Election  
of the 60th Congress  
Passes Into History.**

**BOTH SIDES CLAIM IT**

**Republicans Say They Will Have the  
Congress by Fifty; Democrats  
Claim It by Twenty-Two.**

**New York Maintains Her Position  
in the White Light of  
Public Interest.**

Washington, Nov. 6.—The campaign  
in forty-two states for the election of  
the sixtieth congress passed into his-  
tory last night. Besides the congres-  
sional ballot twenty-three states will  
today elect governors; Arizona and  
New Mexico will accept or reject joint  
statehood; Oklahoma and Indian Ter-  
ritory will adopt a state constitution,  
and twenty states will choose legisla-  
tures which in turn will elect United  
States senators.

The United States weather bureau  
gave a promise for fair weather for  
election day throughout the East, mid-  
dle West and South, with moderate  
temperatures; rain in Minnesota and  
the Dakotas, and cold and snow in  
Wyoming, Montana and the interior of  
Washington and Oregon.

President Roosevelt, who yearly  
sets the example of good citizenship  
by going from Washington to Oyster  
Bay to cast his vote, left the White  
House on this pilgrimage at midnight.  
He will return today and arrange-  
ments have been made as usual to  
keep him posted at the White House  
of the election returns. The presi-  
dent's cabinet is still in the field.  
Most of the cabinet have done strenu-  
ous work and several of them will  
find it convenient to be their  
homes to vote today. From all re-  
ports, however, fewer voters have  
gone home from Washington to vote  
than in any congressional year for a  
decade. This is owing largely to the  
fact that the free transportation has  
been cut off and that election rates  
on the railroads are higher than they  
have been before. The single excep-  
tion to this rule is the case of New  
York voters. Considering the ex-  
pense, a remarkably large number of  
Empire State voters resident in Wash-  
ington are going home to vote.

The congressional predictions by  
the Republican and Democratic con-  
gressional committees with headquar-  
ters respectively in New York and  
Washington, remain the same as the  
"finals" announced a few days ago.  
The Republicans claim the next house  
by fifty; the Democrats claim it by  
twenty-two.

New York maintains her position in  
the limelight of public interest, and  
the campaign there is to be kept up  
until the last possible moment. Both  
state committees claim the state for  
their candidate by large pluralities.  
Reports from other sections of the  
country indicate alternately apathy  
and interest.

**THE LOCAL FIGHTS**

**Many Interesting Contests Going on  
Over the Union Today.**

Columbus, O., Nov. 6.—Interest in  
local fights and in the contest over  
the congressional delegation have  
combined to take attention away from  
the state tickets, minor offices only  
being voted for today. Democratic  
Chairman Garber claims a plurality of  
79,000 for his ticket with gains in the  
congressmen, while Senator Dick,  
chairman of the Republican commit-  
tee, maintains that his party will not  
only retain all of its congressmen, but  
will also sweep the Democratic dis-  
tricts won two years ago.

**The Illinois Campaign.**  
Chicago, Nov. 6.—Although esti-  
mates of the party managers differ  
widely, there seems to be no reason  
to doubt that the Republican party  
will carry the state in today's elec-  
tion by a substantial majority. The  
legislature will be Republican and the  
election of a Republican to succeed  
Senator Shelby M. Callum is certain.  
The Democrats claim that they will  
gain largely in both branches of the  
legislature, but they do not expect to  
obtain enough members to choose the  
next senator.

**The Statehood Question.**  
Albuquerque, N. M., Nov. 6.—Indi-  
cations are that New Mexico will re-  
turn a majority for joint statehood to-  
day from 8,000 to 10,000. Reports  
have been received from all counties  
of the territory and they indicate with  
few exceptions that the vote will be  
favorable to jointure. The reports  
from Arizona would seem to warrant  
the prediction that joint statehood  
will be defeated in that territory by a  
large vote.

**Louisiana's Interesting Issue.**  
New Orleans, Nov. 6.—Chief inter-  
est in the election today centers in a  
constitutional amendment, the adoption  
of which would place parsonages,  
rectories, etc., of church organizations  
on the taxable list.

**Light Vote in Minnesota.**  
St. Paul, Nov. 6.—A light vote is be-  
ing cast in today's election except in  
the second congressional district.

where Congressman McCleary is mak-  
ing a strong fight for re-election.  
Governor John A. Johnson expresses  
confidence in his re-election. The Re-  
publicans admit that their candidate  
for governor will run behind the bal-  
ance of the ticket, but maintain that  
he will still win out.

**Colorado's Complex Situation.**  
Denver, Col., Nov. 6.—Party leaders  
are all at sea as to the result of the  
state election, being unable to esti-  
mate accurately the vote to be given  
Judge Ben B. Lindsey and William D.  
Haywood, respectively Independence  
and Socialist candidates for governor.  
In betting, odds of 2½ to 1 in favor  
of Rev. Henry A. Nuechel, Republican  
candidate for governor, over Alva Ad-  
ams, Dem., have been given.

**All Three Claiming It.**  
San Francisco, Nov. 6.—Predictions  
as to the result in California vary as  
widely as at any time during the cam-  
paign. The Republican managers as-  
sert that Gillett will be elected gov-  
ernor by nearly 30,000 plurality; the  
Democrats claim they will have over  
8,000 plurality, while the leaders of  
the Independence League declare that  
Langdon is a sure winner.

**Bitter Fight in Iowa.**  
Des Moines, Ia., Nov. 6.—While the  
general impression prevails that Gov-  
ernor Cummins will be re-elected, yet  
there is underneath all a feeling of un-  
certainty. There has never before  
been another such situation in Iowa  
politics, and old party ties promise to  
be more ruthlessly disregarded in to-  
day's voting than ever before.

**They Will Know Tonight.**  
Philadelphia, Nov. 6.—Edwin S.  
Stuart will be elected governor of  
Pennsylvania today by at least 50,000  
majority," says Chairman Andrews of  
the Republican state committee.  
"Lewis Emery, Jr., will be chosen gov-  
ernor of this state by a majority of  
100,000," says Chairman Niles of the  
Lincoln state committee.

**A Full Indian Vote.**  
Guthrie, Okla., Nov. 6.—The result  
of the battle today for constitutional  
delegates is in doubt. The fight cen-  
ters in the outlying districts of Indian  
Territory, where the status of neither  
party is known. An effort is being  
made by the various chiefs to get out  
the full Indian vote.

**In Bryan's State.**  
Lincoln, Neb., Nov. 6.—Republican  
Chairman W. B. Rose has made a  
statement expressing confidence in  
Republican success. Chairman Thos.  
S. Allen of the Democratic state com-  
mittee said the Democratic state tick-  
et would be elected.

**Michigan Serenely Confident.**  
Detroit, Mich., Nov. 6.—The Repub-  
lican party is serenely confident of  
the victory of their state legislative  
and congressional tickets, and is only  
discussing the size of the majority.

**All One Way.**  
Jackson, Miss., Nov. 6.—There is  
little interest in the congressional  
elections in Mississippi, as the Dem-  
ocratic candidates are without oppo-  
sition.

**Situation in Missouri.**  
St. Louis, Nov. 6.—The close of the  
campaign found both Republican and  
Democratic managers claiming victory  
in Missouri.

**In Massachusetts.**  
Boston, Nov. 6.—The result is as  
much in doubt as at any time since  
the conflict began.

**Would Not Face Trial.**  
Baltimore, Nov. 6.—In a cheap lodg-  
ing house here Dr. Baxter Matthews of  
Greensboro, N. C., blew out his brains  
with a shot from a revolver. Dr. Mat-  
thews was convicted March 9, 1906,  
at Greensboro, N. C., of the poisoning  
of his wife. He had been out under  
bail pending the decision of his appeal  
for a new trial, which was denied him.  
Relatives and bondsmen have been  
searching for him for some weeks.

**BRIEF DISPATCHES**

The postoffice at Fayetteville, N. C.,  
was robbed of a registered letter con-  
taining \$3,000.

The death is announced at Volen-  
dam, Holland, of Fritz Thaulow, the  
Norwegian landscape painter.

In October the isthmian canal com-  
mission sent 364 additional skilled  
American laborers to the canal zone.

Three large lake freighters are re-  
ported aground near the mouth of the  
Detroit river as the result of a fog.

Fresh reports of liberal yields of  
wheat in the Northwest caused mod-  
erate weakness in the Chicago wheat  
market.

A boat's crew of five which left a  
wrecked Norwegian bark off the New  
Brunswick coast perished by the boat  
capsizing.

Hereafter a transport will be dis-  
patched to the Philippines on the 5th  
of each month, instead of every twenty  
days as formerly.

A furious hurricane has raged along  
the coast of Newfoundland for the  
past two days and immense amount of  
damage has been done to shipping and  
fishing interests.

Switchmen who are members of the  
Switchmen's Union of North America,  
employed on twenty-three of the rail-  
roads entering Chicago, threaten to  
strike.

The navy will shortly issue orders  
providing for an increase in pay for  
expert marksmen in the marine corps,  
placing them on a footing with the  
expert marksmen of the army.

**BOLD BANK ROBBERY**

**Cashier Was Caught Alone and  
Thieves Loot the Till.**

Lassalle, Ill., Nov. 6.—The Farmers'  
and Miners' bank of Ladd, a mining  
town, was held up and robbed Monday  
afternoon. The assistant cashier, J.  
J. Hurley, was alone in the bank when  
two men entered and asked for some  
pennies. The next moment, covering  
Mr. Hurley with revolvers, they or-  
dered him to throw up his hands and  
marched him to a back room, where  
they bound him hand and foot. After  
taking a quantity of money the men  
escaped. The amount of their booty  
was about \$7,000, as near as the bank  
officers were able to estimate the loss.

One of the two masked robbers  
guarded the street door while the  
other scooped up the cash. Some re-  
ports say that the amount stolen is  
\$20,000. It was mostly in currency.  
The robbers had been gone an hour  
before the robbery was discovered and  
the imprisoned bank officer released.  
The robbers hired a livery rig at Peru  
to drive to Ladd. In about three hours  
they came back and returned the rig to  
Liveryman Denny, who, having heard  
of the holdup, tried to procure the  
assistance of citizens to surround the  
robbers in the livery stable, but the  
robbers drew revolvers and shot at  
everyone who appeared near the stable.  
The robbers slipped from the stable  
and kept up a running fight for an  
hour, finally escaping in the direction  
of Lassalle after eluding the Peru  
police.

**MEDDLED WITH BRAKES**

**Ignorant Native Caused Disastrous  
Wreck on Ecuadoran Railway.**

Guayaquil, Ecuador, Nov. 6.—Seven  
persons were killed and nine injured  
last night at Mocha, on the Quito  
railroad, owing to natives meddling  
with the brakes. On the arrival of  
a train at Mocha the cars were sur-  
rounded by a group of people belong-  
ing to the neighborhood. Suddenly  
one of the natives, without knowing  
what he was doing, opened the brake  
and the car which had been detached  
ran back at a high rate of speed for  
about a mile and it overturned and  
was crushed to pieces, killing or in-  
juring all the passengers.

**Requisition for Burglars.**  
Springfield, Ill., Nov. 6.—Governor  
Deneen has issued a requisition on  
the governor of Indiana for the extra-  
dition of George Arnold and Harry  
Coleman, who are under arrest in  
Terre Haute and who are wanted in  
Salem, Ill., on the charge of burglariz-  
ing the private banking house of Wm.  
Farthington on Oct. 2 last and stealing  
\$1,500.

**Jealous Man's Bloody Deed.**  
Rock Island, Ill., Nov. 6.—In a fit of  
jealous rage because his attentions  
were rejected, Barney Howland, a car-  
penter, stabbed Mrs. Effie Baker a  
dozen times and cut his own throat.  
He will probably die, but the woman  
will recover.

**MILITIA UNDER ORDERS**

Huntington, W. Va., Nov. 6.—Word  
from Williamson is that the town is  
quiet and that no further disturbances  
are expected. The militiamen here  
are still in the armories awaiting or-  
ders to go to Williamson, but the pre-  
vailing belief now is that their pres-  
ence will be unnecessary. The city  
officials arrested for interfering with  
a United States officer in an election  
dispute were released on bond. De-  
puty Marshal Day was also released  
from the Williamson jail.

**The Jury Disagreed.**

Muncie, Ind., Nov. 6.—After four  
days and nights' deliberation the cir-  
cuit court jury failed to agree in the  
case of George Miller, accused of com-  
plicity with Dr. William Eastes in a  
case of alleged malpractice which  
caused the death of Miller's wife, and  
a disagreement was reported. The  
final vote stood seven for conviction  
and five for acquittal. Other charges  
remain to be tried against both the  
defendants. Miller's wife died six  
months ago, and he has since married  
a girl of seventeen years.

**Robbers Despoil Monastery.**  
Moscow, Nov. 6.—A band of masked  
robbers raided the Loukianoff monas-  
tery Sunday night, killed the abbot  
general, the prior and a monk, de-  
spoiled the chapel of sacred objects  
and got away with a large sum of  
money.

**SHOUTING IS NEXT**

**This Will Come In Natural Sequence to Campaigning and Voting.**

**SOME EARLY RETURNS**

**The Use of Voting Machines In Several Counties Will Give Early Pointers on the Trend In the State.**

**State Committee Headquarters Well Prepared For Handling the Returns Tonight.**

Indianapolis, Nov. 6.—The campaign in Indiana is all finished except the voting and the shouting. The voting will be done before tonight. The shouting will follow within a few hours, as the result will be known before midnight. Marion, Vanderburg, Vigo, Montgomery and a few more counties used machines. The result in these counties will be known early and probably will be so decisive as to show which party will have carried the state. Chairman Goodrich, Republican, and Chairman O'Brien, Democrat, returned from their homes this afternoon. There was nothing doing about the state committee headquarters save preparations for handling the returns. Both sides will receive the returns by special wire tonight. Both the chairmen have sent instructions to all county chairmen to be prompt in supplying the headquarters with news. They will have a bulletin service from them, in addition to the result of the vote, as rapidly as it can be announced.

**POPULAR COMPLAINT**

**Has Stirred the Officials of Terre Haute to Action.**

Terre Haute, Ind., Nov. 6.—The board of public works is now responding to the popular complaint of the service of the franchise utilities and is preparing to make an investigation. The publication of the preliminary report by Rose Polytechnic professors of their investigation of the gas supplied by the Citizens' Gas company and the street electric lights of the traction company, showing shortcoming in each instance, has caused the board to announce that it would cause an investigation to be made. At the meeting of the city council tonight an appropriation will be made for further inquiry, the expenditure so far having been made from the fund raised by citizens. The council also will take up the question of rebate from the traction company, whose street lights in the last six or seven years are said to have been incapable of giving the stipulated 2,000 candle power.

**Boy Found Dynamite Cap.**

Goshen, Ind., Nov. 6.—The Shipewana bank robbers are supposed to have dropped a dynamite cap near the point along the Battle Creek-Goshen railway, where they abandoned the handcar on which they made their escape, and it was found by Ora Blough, the eleven-year-old son of T. A. Blough of East Goshen. The cap had a foot of fuse attached. The boy threw it on a bonfire and it exploded, blowing off the thumb and three fingers of the boy's right hand. A shotgun was found near the same place by the section men.

**Grand Jury Will Investigate.**

Lebanon, Ind., Nov. 6.—A special meeting of the grand jury will be held Wednesday to investigate charges of cruelty preferred against H. G. Brown, superintendent of the city schools, who is alleged to have unmercifully whipped Orpha Smith, a thirteen-year-old girl. The attendant physician claims that the girl was badly bruised, while the defense is that she was punished with reason.

**A Boy and a Gun.**

Terre Haute, Ind., Nov. 6.—While Robert Van Allen and Alanson Liflick, in their teens, were discussing their rivalry for a young girl, the Liflick youth playfully pointed a pistol at the other and bore too hard on the trigger. The result was a bullet in Van Allen's stomach. Liflick says it was all playful, and that he and Van Allen are great friends.

**Suicide of a Woman.**

Shelbyville, Ind., Nov. 6.—The third attempt to commit suicide by Mrs. Edward J. Fields of Mt. Auburn, proved successful. She was the wife of Edward Fields, a retired farmer. Her dead body was found hanging by the neck in the cellar. She was fifty-eight years old, and long a sufferer from nervous trouble.

**Crushed by Log.**

Salem, Ind., Nov. 6.—William T. Jack, a well-known and prosperous farmer of Martinsburg, this county, was crushed to death by a log falling from his wagon. Mr. Jack was a familiar figure in various county institutes over the state.

**STENSLAND'S STORY**

**How the Failure of Big Chicago Bank Was Brought About.**

Chicago, Nov. 6.—Paul O. Stensland, former president of the Milwaukee Avenue State bank, who was arrested in Tangier, and Henry W. Hering, cashier of the same institution, were yesterday sentenced by Judge Pinckney in the criminal court to indeterminate terms in the penitentiary for embezzlement and forgery. These sentences may run anywhere from one to ten years. The new sentence given Stensland will not lengthen his term of imprisonment, as the new sentence is concurrent with the old. Stensland had been brought from the penitentiary at Joliet to give evidence against Hering.

Stensland said that the irregularities in the bank began about ten years ago, when he commenced to invest the funds of the bank in real estate. During the last eight years, he declared, he had lost \$400,000 in real estate transactions. He also lost \$218,000 in running a co-operative store. Stensland declared that he kept investing the money of the bank in real estate deals and to use it for the payment of his debts, despite the fact that he had pleaded guilty to forgery when he was brought back to this country.

"All transactions Hering knew about," declared Stensland, "and they were all credited to my account."

At the conclusion of Stensland's testimony, Hering was called to the bar of the court and, withdrawing his plea of not guilty, entered a plea of guilty and both men were then sentenced to the penitentiary by Judge Pinckney, the term being from one to ten years in each case. The sentence given Stensland is concurrent with that given him when he was brought into court before. Both men were taken to Joliet this morning.

**WHAT IS CATARRH?**

**Simple Way to Overcome the Dangers of this Disagreeable Disease.**

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately within the last few years, a simple and reliable treatment for catarrhal trouble has been found.—Hyomei, a combination of healing and germ-killing balsams, that, when breathed through the neat pocket inhaler, that comes with every outfit, reaches the tiniest cells in the respiratory organs, carrying its healing and health-giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucus, difficulty in breathing, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents, and sold by Johnson's Drug Store under an absolute guarantee that it will cure catarrh or money will be refunded.

## SMOKING A CIGAR

Curious Bet That Shows an Impossible Way of Smoking

"I have a customer who thinks he smokes twenty Wadsworth Bros' Chicos a day," said Thos W Lytle. "As a matter of fact, he gives away a good many, but is firm in his belief that he smokes more cigars than any other man in Rushville. He says he is willing to bet that no man can smoke even one cigar continuously until it is consumed without taking it from his lips, and he has won a good many boxes of Chicos on this simple bet."

"Of course, this man's trade keeps me buying Chicos right along, but aside from what I sell him, Chicos have the largest sale of any cigar in my case."

"I warrant it clear Havana filler, and although it sells for five cents it is equal to any ten cent goods. I cannot recommend it too highly."

Bob Tompkins is the only man living in a precinct here, that skirts the city in that locality. Hence it is reasonable to presume that as far as this city was concerned the precinct has gone Republican.

And it has come to pass that the lion and lamb lay down side by side. Did you see those carriages with a Republican and Democrat driving about all day in search of the "festive" voter, who desired a conveyance?

And when his own son-in-law, Nicholas Longworth wrote to President Roosevelt for an expression, the President referred him to the letter he wrote Congressman Watson. That sounds good, don't you know?

## AMUSEMENTS

Lincoln J. Carter's "Fast Mail," which played at the opera house last night is a better show than in former years and pleased a large house. Scott & Kaynor, the new managers who are always with the show watch each player closely and the acting must be to their liking or a new actor or actress is supplied. Mr. George E. Hart, who plays the part of Sam Sleuth, is a comedian of special mention and should make his success on the stage. The show consisted of twelve different scenes but the one that made the audience sit up and take notice was the train scene, the life-size engine consisting of 85 parts with its whistle. Several pounds of steam was used in blowing it. In the explosion of the steam boat, such a heavy charge of powder was used that all the lights in the opera house were blown out.

"A Jolly American Tramp" is the next attraction, Nov. 13th.

## The Young Man's Store

We don't believe that another store in town caters to the clothes-wants of young men in just the same way, or nearly so well as we do.

The demand of the young man for clothes original in design, appreciably more radical in cut and livelier in pattern than the clothes made for older men, is met in this store in a way that no other clothier in town attempts.

Garson-Meyer Clothes for young men are distinctly young men's clothes. They are just the sort of clothes that spirited young fellows demand — smarter, more dashing in cut, and better made than any other ready-for-service clothes produced for the same sort of wearers.
